A warrant was issued in this city several days ago sworn to by Taylor Mainier, charging Amos B. Todd, a young man living with his parents in East Fourth street, with having broken open a trunk at the Ishmael residence in Fourth street belonging to Mainier and taking therefrom the sum of \$30. Todd absconded with his booty to Marion, Ind., where he was arrested on information furnished by Chief of Police Ort. Later Mainier informed Chief Ort that the amount had been made good and that he wished the matter dropped and the young man released from arrest, and a telegram to that effect was sent the Marion officers.

EX-DOVER NEGRO

Sentenced to 19 Years in the Pen For Assaulting White Girl at Dayton, O.

Nineteen years at hard labor was the sentence Judge Brown of the Criminal Court at Dayton, Ohio, imposed upon Smith (Hicks) White, colored, formerly of Dover, who had confessed to criminally assaulting Bessie Stickford, white, of Springfield, Ohio, in the Jewish Synagogue at Dayton last February.

When asked if he had anything to say why sentence should not be imposed, after pleading guilty, White attempted to blacken the character of his victim. Immediately County Prosecutor Leaz insisted upon a trial of the case, claiming he could establish the good reputation of the complainant, who is a Sunday-school teacher in a Springfield Church.

"Judge, I don't want no trial," interrupted the Negro, and the sentence, within one year of the maximum, was imposed.

He was taken to the Columbus Prison Monday.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running, sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Maysville Citizen Shows You the Cure.

Danderine

GROWS HAIR and we can

PROVE IT!

A lady from Minnesota writes:
"As a result of using Danderine, my hair is close to five feet in length."

Beautiful Hair at Small Cost

HAIR troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment, when baldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions.)

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Knowlton's Danderine has a most wonderful effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is similar to the natural hair foods or liquors of the scalp.

It penetrates the pores quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself.
NOW at all druggists in three sizes, 25c, 50c and \$1.00 per bottle.

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the KNOWLTON DANDERINE CO., CHICAGO, ILL., with their name and address and 10c in silver or stamps to pay postage.

The Greene Line steamer Greenland will lay over at Point Pleasant, Va., where she will have some work done to her wheel flanges, which have been loose for some time.

Both the Queen City and the Virginia are back in the Pittsburgh-Cincinnati trade, the former being due to pass up tonight and the latter now on her way down the river.

The stranded steamer Virginia was slipped back into the river from her position in a cornfield near Parkersburg Tuesday afternoon and at once headed down the river for Cincinnati. It is said the accident to the big steamer was caused by the pilot mistaking the light in the window of a farm house for a Government signal light. The accident cost the boat company \$10,000.

In Bad Fix

"I had a mishap at the age of 41, which left me in bad fix," writes Mrs. Georgia Usher, of Conyers, Ga.

"I was unconscious for three days, and after that I would have fainting spells, dizziness, nervousness, sick headache, heart palpitation and many strange feelings.

"I suffered greatly with ailments due to the change of life and had 3 doctors, but they did no good, so I concluded to try Cardui.

"Since taking Cardui, I am so much better and can do all my housework."

Take CARDUI
J 41

The Woman's Tonic

Do not allow yourself to get into a bad fix. You might get in so bad you would find it hard to get out.

Better take Cardui while there is time, while you are still in moderately good health, just to conserve your strength and keep you in tip top condition.

In this way your troubles, whatever they are, will gradually grow smaller instead of larger—you will be on the up-grade instead of the down—and by and bye you will arrive at the north pole of perfect health.

Do You Realize What It Means

To Do Business in One Place for Fifty Years?

It means but few of the adults who dealt with our Mr. D. Hechinger in his early days are now in the land of the living.

The majority of the goods we now sell are sold to the grandchildren of his earliest patrons, they follow the footsteps of their ancestors. They were taught in their early boyhood that Hechinger's is a "safe" place to deal, "and it is." The pride we take in our business is above money consideration.

Until the end of this week, on account of Mr. D. Hechinger's fiftieth anniversary, we are going to give a

Cash Discount of 20%

On all merchandise in our store, barring Shoes. It is early in the season to make such a cut, but this will be one week in our business career that we give our patrons our profit, or nearly so. In fact, a good many Suits and Furnishings sold at this discount we are unable to replace for the price.

We want our friends to take advantage of this sale. Very truly yours,

SEE What the Postmaster General Says!

PUT UP MAIL BOXES

The Postmaster General Thinks Every Family Should Have One at Their Front Door

One of the suggestions of the Postmaster General for economizing in his Department is that people put up little boxes or other receptacles at their front doors so that the Postman will not have to stand and wait until somebody answers the bell. A great deal of time is wasted by the Postman having to wait. It is in the interest of an efficient and economic service to provide these little conveniences. And then they are not only conveniences for the Postman; they are also for the people of the house. "There is the mail man," says the housekeeper, with her hands in the dishwasher or mixing the dough for the family bread; "run, Johnny, to the door," and Johnny is down in the back yard trying to lasso a black cat, but by this time the mail man, thinking no one is at home, goes on with the expected letter from Mary, who is visiting over in Chicago, and so the family is deprived of the pleasure for several hours, simply for the lack of a neat little box at the front door.

In anticipation of this announcement we have purchased a number of Mail Boxes of the latest approved pattern. Just the thing. Call and see them.

GOVERNOR MARSHALL of Indiana, a Democrat, is quoted as saying:

"If this country is to be run on a Protective theory, let's know it and quit talking about it. There is nothing so depressing to the people as holding a post-mortem examination and reading the lives of dead Congressmen. Let's have one good, square fight on this proposition and end it and go at something else."

At the meeting of Federation of Women's Clubs, now in session at Cincinnati, the following are "a few" of the topics to be discussed: Equal suffrage, child labor, pure food legislation, health, promotion of kindergartens, civil service reform, civic interests, art, music, literature, education, good roads, the white slave traffic, politics, ethics, social hygiene, the drama, forestry and a hundred other things. It requires a federation of aggressive females to settle knotty questions and bring the men to book.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water? If you did what would you say of him? It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Growers. Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the original and only genuine scalp germicide manufactured. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The Times-Star yesterday stated that 200 employees, left in the lurch at Cincinnati by the stranding of the Norris & Rowe Circus, were deceived by the owners and the Assignees, threatened with revolvers and left alone in the railroad yards without a month's pay due them. It is said that some of the people had had no food for two days. It was the most disastrous failure of a circus on record.
